MICHAEL HEINSEN  
Hamburg / Berlin / Mallorca

At the centre of Michael's photography stands the person. Whether he is faced with emotionality, strong physical presence, fragility or a special aura, Michael Heinsen captures those fine nuances that make a photo or film sequence special and different. Michael, who is mostly located in Hamburg also frequents offices in Berlin and Mallorca. Thanks to his intuition and his ability to connect easily with the people he meets, he never fails to create these unique moments, be it in a complex photo production or a hectic film shoot.
